Helping Women Reclaim Hope

"Dawn shares her life journey with heart, passion, and purpose. She has a remarkable gift for connecting with any audience — challenging them to dig deeper, walk closer with the Lord, and have the courage to speak the truth in love."

— Jane Herlong, National Speakers Association Hall of Fame Speaker and Author

"Dawn spoke at our church's Ladies Tea and did a great job weaving in what the Bible says about Hope, and used her testimony to share how God helped her in her darkest moments. The room was full, and the ladies were very engaged — some came later to ask for one-on-one time with her, and even some of the men who heard about it asked if we had a video. She is genuine and truly wants to help others for God's glory. I would recommend her to speak again!"

— Robin Hulsey, Pastoral Asst., First Baptist Brunswick
